

AIRSHIP CONTEST AT PORTLAND FAIR

Two Machines Made by Same
Inventor Will Engage in
Interesting Flight.

HAS AROUSED GREAT INTEREST

Portland, Ore., Aug. 19.—Visitors at the Lewis and Clark exposition will shortly have the unusual privilege of seeing two airships, made by the same inventor, contest in a series of interesting flights. Capt. T. S. Baldwin, whose California Arrow was the only airship to make a really successful flight at St. Louis, and who has charge of aeronautic doings at the big coast fair, is building a new ship, which will be ready to do flight in a week or so. The airship which he built in Portland for use in the exposition contests, the Angelus, has made several flights, on the occasion of the first flight, a strong wind blew the machine several miles out of her course, and the second was unsuccessful, owing to a breakdown of the machinery. She proved readily steerable, however, except in a stiff wind.

The new ship Baldwin is building, which probably will be called the Nina, is being constructed on lines similar to those of the Angelus and the Arrow, but it will be considerably smaller than the ship which the inventor has been using this season. The Angelus holds 15,000 feet of gas and has a forty foot carriage, and the Nina will hold only 5,000 feet of gas, and will be fitted with a twenty-four foot car. It is thought that perhaps the smaller gas bag, offering less resistance to the wind, will enable the ship to navigate with less interference from adverse air currents.

Besides these two Baldwin airships, there is a third machine at the exposition which, while as yet of unestablished merit, is expected to do things. It is known as the Gelatin, is the invention of Charles B. Knox, a wealthy manufacturer of Syracuse, N. Y., and is manned by George L. Tomlinson. Tomlinson thinks that the Gelatin will prove airworthy, and people who have seen the ship agree with him. The Gelatin is built somewhat on the Baldwin plan, with a cigar shaped gas bag to provide lifting power and gasoline engine to supply the propelling force, but differs in important details of construction. The ship was wrecked on its way to Portland, but is being put in condition as rapidly as possible.

SUIT FOR FAILURE TO FULFILL CONTRACT.

In the Fourth Judicial district court for San Miguel county, Isaac and Simon Pacharachi have filed suit against Isaculo Lobato, alleging that the defendant contracted to sell them his wool clip at 14 1/2 cents a pound,

delivery to be made in July, but that when the time for the delivery arrived said defendant refused to comply with his contract, the price of wool then having risen to twenty-five cents a pound. The plaintiffs have also brought a similar suit against Jesus Gallegos, of Guadalupe county, claiming damages in the sum of \$500, with interest and costs.

The four other contestants receiving the next highest number of votes were the Fraternal Brotherhood, the Clerks' union, the Elks' lodge and the Catholic church.

ROSWELL MAN SUES WOMAN FOR DAMAGES

J. B. Russell has filed suit in the district court at Roswell against Mrs. S. L. Overman, in which he asks for \$1,500 damages and for costs of the suit. Mr. Russell claims that Mrs. Overman caused his arrest on July 31, by accusing him of theft, and that she did it with malicious purpose, thereby causing him personal damage, unjustly. He further claims that the case was dismissed on August 4 without prosecution, the officers holding that there was not enough in the case to hold a charge against him. W. W. Gatewood is the plaintiff's attorney.

Half the ills that man is heir to come from indigestion. Burdock Blood Bitters strengthens and tones the stomach; makes indigestion impossible.

The peach crop of Carlsbad is now occupying the closest attention of the fruit growers and all are busy with a large force of hands picking, sorting and packing the fruit for the home and foreign markets. The present shows have done much toward bringing out the late crop and the fruit which is being shipped this year surpasses that of last, in size, quality and flavor. So far this season the prize box of peaches packed for shipment was sold by Charles Austin, of the Fruit orchard, in La Huerta. The box contained thirty-six of the finest, perfect peaches which were ever grown in this section of the country. They were sent to parties in the north.

The Visitors Club of Carlsbad held their regular weekly meeting last Saturday afternoon at the home of Miss Maud Thompson, on Greene's Heights. The afternoon was spent in a most enjoyable manner at games and social conversation. Light refreshments were served. At a short business session held at the close of the afternoon meeting the regular meeting day was changed from Saturday afternoon to Thursday afternoon. The next meeting will be held at the home of Miss Gilliam, on Canyon street.

BASE BALL

Six victories out of eleven games is the record the McIntosh Browns earned on their southern tour. They returned this morning battle scarred and begrimed with the dust of many a conflict with the loss of a Brownie.

The McIntoshes had little trouble yesterday in defeating the soldiers from Fort Bliss. The score was 6 to 3. Starr did the pitching.

What the Pitchers Did.
Starr won four out of five games; Gallegos won two out of five games; Widman lost one game. Widman lost one game, charged to Gallegos. Captain French says that the McIntoshes played three errorless games at Clifton and that the pitchers gave up gilt-edged ball, but yet they lost. The McIntoshes must be shy on stick work. They received nothing but courteous treatment at the hands of the Arizona and Texas teams and the tour was one of pleasure throughout. Arizona will contribute at least one team to the territorial fair tournament.

TRUE
Before Mother's
Friend was introduced.

The older the prospective mother be the more difficult the ordeal through which she must pass before she experiences the glory of the maternal state. This was true before

Mother's Friend

was introduced, but now tangible evidence in the shape of countless mothers of advanced years who have used it with entire success forces us to gladly refute the integrity of this statement.

Old or young, the result is the same. It is simply indispensable during the parturient state, and absolutely invaluable at the crucial time.

For external massage, easy and simple to apply, wonderful in its effect, it surely is a living monument to the truth of that old adage, "What's in a name?" We reply, "Simply Mother's Friend." 50c. at all druggists. Send for book, "Motherhood." It is free.
